

QuickBayt Spray

Manufacturer Origin:
Bayer - Germany.

Pesticide Formulation:
Soluble, Granules, (Slight odor).

Target Pest:
Flying Insects (Flies).

Packs Sizes Available:
250 gm bottle.

Active Ingredient:
Imidacloprid %10

Product Overview:

An attractive spray with long residual action for the control of houseflies in and around animal housing, refuse tips, food handling plants, and outside domestic and industrial premises.

Key Product Benefits:

- ▶ Long residual efficacy.
- ▶ Spray-on or paint-on application.
- ▶ Pheromone and a unique Bayer fly attractant.
- ▶ The unique nature of QuickBayt ensures that application around sensitive areas such as feeding troughs can be avoided.
